*Cultivating a sustainable future from a sustainable environment
Rooted in our culture and thriving wild salmon ecosystem!*

2017 Youth on Water & Women on Water Programs

YOW is focused on empowering regional youth through water level activities. YOW supports participants to develop tangible, transferrable job skills while connecting them to their local landscapes. The program cultivates both a sense of adventure and social responsibility.

WOW takes the program one step further and fosters a restorative process for women. As the women increase their understanding about the watershed and develop confidence on the water, they are also able to increase their sense of self worth, social belonging, and trust.

Length: 5 days with participants returning home every night and meeting again in the morning.

Where: There is a central location in each community where the participant will meet.

Who: Youth ages 15-19 and Women ages 15 and up.

How Much: There is no cost for the program.

What: Non-cotton clothing to wear under the wetsuit, and a water bottle. Wetsuit, booties, lifejacket, helmets, and food is provided.

PARENTS OR GUARDIANS MUST BE THERE ON THE FIRST MORNING OF THE PROGRAM TO SIGN A WAIVER!

2017 YOW/WOW Schedule:
